

# 10764

## LM\_LED\_E27 - V1

COMMISSION DELEGATED REGULATION (EU) 2019/2015  
with regard to energy labelling of light sources

EGLO Leuchten GmbH, Heiligkreuz 22, 6136 Pill, AT

### Algemene informatie

|                     |               |
|---------------------|---------------|
| Materiaalnummer     | 10764         |
| Type                | Lichtbron     |
| Lichtkleur compleet | WHITE         |
| Type lichtbron (1)  | E27-LED-G45   |
| kW/1000h            | 4             |
| EAN/UPC-code        | 9002759107642 |

### Afmetingen

|                            |    |
|----------------------------|----|
| Artikeldiameter (in mm/in) | 45 |
| Artikellengte (in mm/in)   | 79 |

### Licht Informatie

|                                  |    |
|----------------------------------|----|
| Lichtkleurtolerantie (LED, SDCM) | <6 |
|----------------------------------|----|

## Technische informatie

|                                       |        |
|---------------------------------------|--------|
| Vermogensfactor van de lamp           | 0,4    |
| Stroomsterkte (in mA)                 | 37     |
| Nominale levensduur (in h)            | 15.000 |
| Toegekend vermogen (0,1 W precisie)   | 3,9    |
| Toegekende levensduur (in h)          | 15.000 |
| Lichtbron met gebundeld licht         | No     |
| Lichtbron direct op netspanning       | No     |
| Netwerk lichtbron                     | No     |
| In kleur verstelbare lichtbron        | No     |
| Lichtbron met hoge luminantie         | No     |
| Dimbaar (lichtbron, driver, strip...) | No     |

## Schakelaar informatie

|                     |         |
|---------------------|---------|
| Opstarttijd         | 0,5 sec |
| Starttijd 60%       | 1 sec   |
| Aantal schakelcycli | 15000   |

|                                                                                    |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |
